

ANNUAL REPORT 2024-2025

Queen Mary Public School, an institution dedicated to providing value-based English education, has been a beacon of learning in Panickankudy. Queen Mary Public School is overseen and run by the Sisters of the Destitute, St. Vincent Province, Kothamangalam. Realizing the need of the people in this area and following their commitment to provide value-based English education emphasizing character formation of the younger generation, regardless of profit or loss, the Sisters took a step in 2003. This step is the source behind the realization of a dream for Queen Mary Public School. The divine intercessions of Mother Mary, our heavenly patroness, strengthen us in each step we take. We follow the footsteps of Venerable Fr. Varghese Payyappilly, one of the great educationists and the founder of our SD Congregation.

OUR VISION

The vision of Queen Mary Public School is to empower students to become compassionate and responsible global citizens.

OUR MISSION

Foster holistic development in children, nurturing their spiritual, mental, and intellectual growth.

Adopt an educational approach that promotes social awareness and civic consciousness.

Instil values-based learning to shape character and guide personal growth.

Cultivate a generation of responsible citizens through education.

Influence the cultural growth of society by imparting progressive and inclusive education.

OUR MOTTO

Endeavour to Excel

Academic Highlights

As we mark the 21st year of our esteemed academic journey in 2023, we've achieved numerous milestones since our modest beginnings in 2003. Today, Queen Mary Public School is a cherished institution for students, teachers, and parents. Approaching the end of this academic year and reflecting on 22 years of dedicated service to quality education, I want to kick off celebrations of our success by expressing heartfelt gratitude to our visionary management. Their insight, enthusiasm, and leadership have fuelled passion and commitment among all stakeholders. We're thankful for the guidance of Rev. Mother Kochurani, our Provincial Superior, Rev. Sr. Mariet, the

Education Counsellor, and Rev. Sr. Leenet, the Manager. I'm deeply grateful to every parent, teacher, and student who played a part in shaping this institution's path to excellence.

At Queen Mary Public School, we prioritize personal attention to each student, ensuring their unique needs are met. Special care is given to weaker students through after-class coaching and daily test papers to help them catch up. We allocate a special hour for reading and writing practice, with extra focus on Grade 10 students. To support their academic growth, we even provided evening classes up to 8 pm. Regular PTA meetings help keep parents informed, and we've emphasized Communicative English practice to boost language skills.

All students participated in the Sugama Hindi exam, where they not only scored good marks but many achieved ranks at the national level. We're thrilled to announce that we achieved a 100% result in the Class 10th board exam. Congratulations to all the teachers and students for this great success!

Extracurricular Activities

Along with academics, we at Queen Mary Public School place great importance on extracurricular activities to foster all-round development of our students. We offer special training in a variety of activities including:

- Music
- Karate
- Yoga
- Drawing
- Art and Craft
- Skating
- Dance
- Musical instruments

Our school boasts a beautiful and efficient school band. We have trained teachers to conduct classes for these various activities, ensuring students get quality guidance and coaching.

Sports

At Queen Mary Public School, we emphasize sports development with special coaching sessions in the morning and evening. We conduct various games every month, and our students have excelled in competitions. Notably, we secured overall first place in Volleyball and Badminton at the Idukki Sahodaya level competition.

As part of Queen Mary Day celebrations, we took the initiative to conduct Queen Mary Cup Season 2 at Murikkassery. We're proud that our Physical Education teacher won the first prize in Badminton at a competition conducted by the Idukki Teachers Guild. I congratulate Mr. Jubin P. Augustin, our Physical Education teacher, for his commitment and hard work.

Counselling

At Queen Mary Public School, we prioritize the mental well-being of our students through regular counselling sessions. We provide counselling for all students to help them manage their studies effectively and reduce stress. Counselling sessions are conducted every Monday and Tuesday. If needed, we also extend counselling support to parents to ensure a supportive environment for our students.

Psycho-Spiritual Animation Programmes

At Queen Mary Public School, we nurture the spiritual growth of our students through various psycho-spiritual animation programs. We begin each day with 5 minutes of meditation before class to instill calm and focus. Throughout the month, we conduct a holy mass, and during Rosary week, we have special prayers. We celebrate Christmas with special prayers and a 3-day psycho-spiritual animation program and therapy session conducted by Rev. Fr. Berney OFM Cap.

KCSL Highlights

In our KCSL program, we have a special prayer every Friday to foster spiritual growth among the students. Our students actively participated in diocese competitions and achieved an overall second position in both High School (HS) and UP.

PTA

We have a strong PTA with Mr. Binu Jose serving as the PTA President. We also have Mrs. Anitha Sunny leading as MPTA. president and very cooperative executive members.

Achievements

We've had outstanding achievements this year at Queen Mary Public School:

- Academics: 100% pass in board exams.
- Sports: Overall first in Volleyball and Badminton in Sahodaya level competitions.
- KCSL: Overall second position in diocese competitions.
- Hindi Exam: Students achieved national level ranks.
- Sahodaya Arts Competition: Many students won prizes.

Conclusion

In conclusion, Queen Mary Public School has had an outstanding year with significant achievements in academics, sports, extracurricular activities, spiritual growth, and more. We've emphasized all-round development through special training in music, karate, yoga, arts, and sports like volleyball and badminton where we've excelled. Our counseling support has helped students manage stress, and psycho-spiritual animation programs have nurtured spiritual growth. With 100% pass in board exams, notable positions in Sahodaya and diocese competitions, and prizes in arts competitions, we're proud of our students' accomplishments. Congratulations to all the staff, students, and parents on these remarkable achievements!
